QUOTATION (21899)

Dear Ricardo,

Further to your enquiry, we are pleased to quote for the following items as requested.

<u>ITEM</u>	<u>DESCRIPTION</u>	<u>QUANTITY</u>	<u>PRICE EACH</u>	<u>DELIVERY</u>
D16177 (SPECIAL)	1457C Clear anodized extruded aluminium enclosure cut to a special length of 500mm - Complete	25 pcs	€41.87	12-14 weeks
Estimated delivery time is subject to our manufacturing capacity at the time of order process and stock availability.				
<i>Please note: Hammond Electronic's failure to perform any term or condition of this quotation as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, acts of God, governmental restrictions, power failures, or damage or destruction of any network facilities or servers, shall not be deemed a breach of the terms of this quotation.</i>				
Please take note of Hammond's tolerances.				
		<u>Minimum order of 25 pieces</u>		

PLEASE USE QUOTE REFERENCE 21899 WHEN PLACING YOUR ORDER

TOLERANCES – please note!

Please note. Our general machining tolerance is +/-0.15mm due to the general tolerances used in the manufacture of the enclosures. As a result, we are unable to guarantee positional tolerances of less than +/- 0.25mm for any machined feature relative to the external surfaces of the enclosure. This also applies to the positional tolerance of any dimension taken from any internal post or other internal location or from theoretical centre lines.

Machined features such as cut-outs and holes can be machined to sizes with a tolerance of +/-0.15mm and the tolerance between one machined feature and another can be machined to a tolerance of +/- 0.15mm.

Tolerances on the cut lengths of extrusion enclosures are +/- 0.50mm

The minimum corner radius we can achieve is 0.75mm due to the minimum cutter diameter.

DELIVERY

Hammond reserves the right to over or under ship modified parts by up to 5% of the purchase order received and charge accordingly.

If a Certificate of Conformity is required for a modified enclosure order, this will need to be discussed with us prior to the order being placed. Each request needs to be judged individually and priced accordingly. We will not be able to offer a Certificate of Conformity, retrospectively, once a modification order has been completed and shipped.

Once a modification order has been placed, it is non-cancellable and non-returnable.

Delivery is to be scheduled at a rate to be agreed against a firm order and lead time to be confirmed at the time of placing your order.

Factory stock is subject to prior sale.

This quotation is valid for 30 days and subject to the Hammond Electronics Ltd. Conditions of sale of which a copy will be made available upon request. **The prices quoted do not include carriage and packing at cost or VAT at the appropriate rate.**

We hope you find this quotation of interest and look forward to receiving your instructions in the near future.

**Best regards,
Sue Barham
Sales Administrator**
